

OUR DATASET CODEBOOK

Variables in the mobility_disability dataset

1. Household_ID: Household identifier
2. Person_ID: Person identifier
3. Travel_disability: How long does the respondent have a medical condition that makes it difficult to travel outside of home?

6_months_or_less_disability

More_than_6_months_of_disability

Lifelong_disability

No_disability

4. Sex: Sex

Male

Female

5. Race: Race

White

Black

Asian

American Indian

Hawaiian/Pacific Islander

Multiracial

Other

6. Hispanic_ethnicity: Hispanic or Latino origin

Hispanic

Non-Hispanic

7. Nativity: Born in United States

Yes

No

8. Age: Age

filtered to 18-61

9. Education: Educational attainment

Less than a high school graduate
High school graduate or GED
Some college or associates degree
Bachelor's degree
Graduate degree or professional degree

10. Self-rated_health: Opinion of health

Excellent
Very good
Good
Fair
Poor

11. Employment_status: Primary activity in previous week

Employed
Unemployed

12. Household_income: Household income

Under \$10,000
\$10,000 to \$34,999
\$35,000 to \$74,999
\$75,000 to \$149,999
\$150,000 and over

13. Household_structure: Count of household members

Lives alone
Does not live alone

14. Population_density: Category of population density (persons per square mile) in the census block group of the household's home location

0-99
100-499
500-999
1,000-1,999
2,000-3,999
4,000-9,999
10,000-24,999
25,000 and over

15. Urban_rural: Household in urban/rural area

Urban

Rural

16. State: Household state

50 States and D.C.

17. Driver_status: Driver status

Drives

Does not drive

18. Cane: Does the respondent use a cane to aid their travel?

TRUE

FALSE

19. Manual_wheelchair: Does the respondent use a manual wheelchair to aid their travel?

TRUE

FALSE

20. Crutches: Does the respondent use a crutch to aid their travel?

TRUE

FALSE

21. Dog: Does the respondent use a dog to aid their travel?

TRUE

FALSE

22. Motorized_wheelchair: Does the respondent use a motorized wheelchair to aid their travel?

TRUE

FALSE

23. Scooter: Does the respondent use a scooter to aid their travel?

TRUE

FALSE

24. White_cane: Does the respondent use a white cane to aid their travel?

TRUE
FALSE

25. Walker: Does the respondent use a walker to aid their travel?

TRUE
FALSE

26. Other_accommodation: Does the respondent use any other accommodation rather than those listed?

TRUE
FALSE

27. Yearly_miles_personally_driven: Miles personally drive in all vehicles

0-200000

28. Count_of_public_transit_usage: Count of public transit usage in last month

0-30

29. Count_of_rideshare_app_usage: Count of rideshare app usage in last month

0-99

30. Count_of_bike_trips: Count of bike trips in past week

0-99

31. Count_of_walk_trips: Count of walk trips in past week

0-200

32. Count_of_online_delivery: Count of times purchased online for delivery in last 30 days

0-99

33. Shopping_trip: Number of shopping trips on the respondent's travel day*

*A travel day is a 24-hour day that starts at 4:00 a.m. (local time) of the assigned travel day and ends at 3:59 a.m. of the following day. The NHTS randomly assigns the travel days for one-seventh of the sample addresses to each day of the week and the remaining six-sevenths of the households to evenly across weekdays (Monday – Friday). The following variables are related to trip information on travel day.

34. Social_recreational_trip: Number of social/recreational trips on the respondent's travel day

35. Other_home_based_trip: Number of other home-based trips on the respondent's travel day

36. Work_trip: Number of work trips on the respondent's travel day

37. Other_non_home_based_trip: Number of other non home-based trips on the respondent's travel day

38. Avg_num_of_people_on_trip: Average number of people on the respondent's trip including the respondent

1-221

39. Avg_trip_distance_in_miles: Average trip distance in miles, including all modes of trips such as walk, bicycle, airplane, etc.

0-7685.53

40. Avg_trip_duration_in_minutes: Average trip duration in minutes, including all modes of trips such as walk, bicycle, airplane, etc.

0-1140.00
